

AMS 9900 TRIPLE TABBING MACHINE

Improves the efficiency and presentation of your mailing processes

What Does It Do?

The AMS 9900 is arguably the fastest tabbing machine available to date and can quickly and easily apply tabs, labels or stamps to mail pieces. Tabbing is an ideal way to deliver eye-catching mail without the risk of it being pre-opened. The smooth and reliable tabber can apply up to 3 tabs on one side or stamps at a time up to 51mm (2inch) in size on to material up to 13mm in thickness. Aimed at production mailers, the speedy tabber is capable of applying tabs to up to 35,000 mailings per hour.

How It Works

The AMS 9900 requires an automatic feeder for off-line tabbing. Each mail piece is fed into the tabber where it contacts an adhesive tab then travels through a set of rollers and the tab is tightly folded and sealed, creating a mail-ready piece. Accuracy is also important and tabs are folded tight to the edge of the piece, without drifting from left to right. Depending on document specifications, the mailpiece can be fed through in different directions, to apply tabs in various locations.

The tabber can be used in-line with a conveyor so tabbed pieces can be stacked in a neat, sequential order for easy removal, or with other mailing equipment such as labellers and address printers.

Why Do I Need It?

If you produce large volumes of mail and are looking for an economical alternative to using traditional envelopes in direct mail campaigns the use of small adhesive tabs on folded mailings is the answer. Tabs can be placed on a wide variety of open-ended media including mail pieces, folded stock, double postcards, newsletters and booklets. Not only do tabs ensure closure, they are a non-intrusive option and lets you take advantage of Royal Mail postal discounts due to the mailings being lightweight. The tabber is perfect for mailing houses, commercial and industrial users.

Key Features:

- **Applies 1 to 3 Tabs Per Mailing Piece**
- **Can Fix Tabs, Labels or Stamps**
- **Runs Up To 35,000 Mailing Pieces Per Hour**
- **Runs Clear, Frosted & Opaque Tabs**
- **In-line or Stand Alone**
- **Multiple Tabber/ Labeler & Stamp Affixer**
- **Accurate Placement With A Tightly Closed Tab**
- **Solid Steel Construction, Built To Last**
- **Optional Feeders, Conveyors and Wide Applicator Head**

SPECIFICATIONS

Speed: -	1 Tab - Up to 35,000 per hour 2 Tabs - Up to 30,000 per hour 3 Tabs - Up to 20,000 per hour Stamp Speed - Up to 35,000 per hour Regular Labels - Up to 20,000 per hour - speeds are dependant on application
Tab Sizes	Min: 19mm (3/4") - Max: 51mm (2") Other sizes possible after test
Wide Labels	Up to 101mm with supplied wide applicator head
Tab Types	Clear, Frosted, Opaque, Coloured, Circles, Squares
Media Size	Minimum: 3"W x 5"L (76.2 mm x 127 mm) Maximum: 13"W x 17"L (330.2 mm x 431.8 mm)
Material Thickness	Up to 13mm (1/2")
Reel Capacity	Up to 495mm (19") diameter with 76.2mm core (3")
Production Counters & Displays	Life, Job, Production and Speed
Error Reporting	Jams, Open Covers, Emergency Stop
Safety	Interlocks on all adjustments

TECHNICAL INFORMATION

Machine Dimensions	(W)839mm x (L)686mm x (H) 940mm
Weight	140kg
Electrical	230vAC 50/60Hz

OPTIONAL EXTRAS

Optional Adjustable Stand

AMS can provide an adjustable stand to work with the AMS AJ9900. The exit height ranges from 717mm (min) to 880mm (max). The left to right adjustment is 127mm.

Optional Equipment

AMS manufacture a range of machine cabinets that will easily support your mailing equipment as well as provide ample storage space. AMS also manufacture a range of conveyor stackers and dryers to complement your equipment thereby making it easier and more efficient to produce your mailings.

The AMS AJ9900 requires a feeder, which allows you to stack mailing pieces to be tabbed.

Wide Applicator Head

With the optional wide applicator head, labels upto 4" x 7" (100mm x 178mm) may be automatically applied to your mailing piece.

Mailing Supplies

AMS supply a wide range of low-cost consumables to suit our mailing equipment including tabs.

Tabs come in many colours and there are even frosted and opaque options to suit the design of your mailing.

Why Choose An AMS Tabbing Machine?

AMS is one of the UK's leading suppliers of mailroom equipment. As well as having a dedicated team of knowledgeable experts to offer advice and bespoke solutions to suit your mailing needs, we have a well-trained customer support team and highly skilled team of field engineers to support you after your purchase.

This reliable and efficient after-care support service is provided to ensure you get the most out of your purchase. We also offer a comprehensive range of technical support and service packages that cover both equipment and software. Our maintenance packages are an economical way to maximise performance and the longevity of your machine, overall resulting in peace of mind.
