

AMS AJ500 ENVELOPE PRINTER

Improves the efficiency and presentation of your mailing processes

What Does It Do?

The AMS AJ500 envelope printer saves you money by dramatically reducing the time it takes to print addresses on to envelopes. It enables you to increase your response rate as personalised mail is processed quickly and reaches your customer sooner. This speedy desktop printer can print up to 22,000 DL envelopes an hour, is remarkably quicker than a shuttle head printer and eliminates the need to manually stick labels onto envelopes.

Using 3 HP-45 ink cartridges, the economical machine is simple to use and can print on many types of documents up to 4.7mm mm in thickness. It has a built in feeder and a 38.1 mm print area which can be adjusted to your requirements.

How Does It Work?

The unique system uses fixed head ink cartridges, this means the printer moves the mail, not the printer head, enabling it to print at constant speed whatever the media. The printer has parallel and USB ports as well as a Windows PCL Driver. It will give years of trouble free printing.

Why Do I Need It?

If you need to print addresses, barcodes and message lines or you need to process production volumes of mail quickly, then the fixed head AJ500 system will provide outstanding performance for your money.

Key Features:

High Speed Professional Desktop Printer

Uses 3 Fixed Head Ink Cartridges

Print Quality up to 600 DPI

1½" (38.1 mm) of Print in One Pass

HP-45 Cartridge Technology

Unique Top-load Feed Mechanism with 8 Internal Feed Rollers

Solid Steel Construction & User Friendly Design

Height Adjustable Print Carriage

USB Ports & Windows PCL Driver

OPTIONAL EXTRAS

FlexMail Software

FlexMail is a variable data design and printing solution, unmatched in its versatility and performance. FlexMail lets you connect to your data, prepare the data for your project, design your output, and print at high quality and speed on any printer.

Optional Equipment

AMS manufacture a range of machine cabinets that will easily support your mailing equipment as well as provide ample storage space. AMS also manufacture a range of conveyor stackers and dryers to complement your equipment thereby making it easier and more efficient to produce your mailings.

Supplies

AMS supply a wide range of low-cost consumables to suit our mailing equipment including inkjet cartridges and envelopes.
