AMS L1 COLOUR LABEL PRINTER

Rewinder

Unwinder

Improve the efficiency and presentation of your business

What is it?

The L1 Colour label printer represents a groundbreaking advancement in Memjet inkjet technology, setting new standards for performance, versatility, and user-friendly operation. With its reconfigured print engine, the L1 ensures a seamless printing experience by providing a flat and unobstructed printing path, guaranteeing consistently crisp and immaculate results with every print job. The flat media path accommodates input rolls of any diameter, offering unparalleled convenience and flexibility when working with various media sizes.

The L1 label printer excels in adaptability, thanks to its adjustable media sensors, allowing you to effortlessly print on a diverse range of label shapes, perfectly tailored to meet your specific labeling requirements. Impressively, the L1 printer achieves a remarkable print quality of 1600 x 1600 dpi, enabling the production of stunning full-color graphics that captivate the eye.

Why do you need it?

The L1 Label printer allows you to have complete control of your label production. Lower costs, efficiency, and reliability are just a few of the benefits of the L1 printer. The intuitive interface and user friendly 7" touchscreen streamlines printer operation to produce stunning graphics for your business.

Key Features:

- Operator friendly 7" touchscreen display:
  -Monitor printer status, ink levels, job status and more at a glance
  -Touchscreen buttons control often-used printer functions

- Prints from any diameter label roll

- Onboard data storage to effectively store job history

- Economical. Very low cost-per-copy
