AMS S1 ENVELOPE & PACKAGING PRINTER

Improves the efficiency and presentation of your packaging processes

What Does It Do?

The S1 envelope and packaging printer offers exceptional colour print quality at high speed and low cost, printing on to packaging up to **10mm thick**. Items such as envelopes, cardstock, boxes, kraft/paper bags and pouches can all be printed on up to **267mm in width** with a **print area of 223mm x 1016mm**. It **can print full bleed** and can even print on to kraft pouches with windows. With the small media add-on even small boxes or card from 50.8mm x 88.9mm can be printed on.

The S1 includes an **operator friendly 7" touchscreen** to monitor printer status, ink levels, job status and more. The software automatically takes care of changes in product data, this means no-fuss printing no matter how many variations or quantities there are.

How Does It Work?

The S1 includes a new level of **Memjet's® ink technology**, Sirius, where the print engine facilitates printhead maintenance without the need to break the plane of the media. The S1 printer includes a single, stationary print head and the paper/card continuously moves along at high speed. The printer can handle card up to 1016mm in length.

Also included are 5 high capacity ink tanks that each hold **250ml of ink**, which combined with the long-life print heads, ensures the cost per page to print is kept low.

Key Features:

Professional desktop printer for high quality, cost effective envelope and packaging printing

Handles paper/card up to 10mm in thickness

Print on items 267mm (W) x 362mm (L) in size (1016mm (L) with add-on)

Print area 223mm (W) and 1016mm (L)

7" colour touchscreen to monitor printer status

Print quality up to 1600 dpi

Full bleed capability

5 Individual 250ml ink cartridges - long run times

AMS - MAILING MADE EASY

OPTIONAL EXTRAS

Optional Equipment

AMS manufacture a range of machine cabinets that will easily support your mailing equipment as well as provide ample storage space. AMS also manufacture a range of conveyor stackers and dryers to complement your equipment thereby making it easier and more efficient to produce your mailings.

Supplies

AMS supply a wide range of low-cost consumables to suit our mailing equipment including inkjet cartridges and envelopes.
