

KR435 MINI TABBING MACHINE

Tab Open-Edged Mail Easily, Efficiently and Economically

What Does It Do?

Kirk-Rudy's most affordable tabbing system priced thousands less than comparable systems, the KR435 utilises many of the same features that made the KR535 a best seller.

The KR435 handles large 16" diameter rolls and runs all major types of tabs as well as pressure sensitive stamps and labels of various shapes and sizes.

Multiple tabs or labels can be applied in a single pass. The KR435 is setup to Tab left-side only but can be ordered to Tab right-side. The KR435 runs in line with most standard addressing systems.

Options:

- Single crank hydra lift kit for height adjustment up to 5 inches.
- KR 496F Friction feeder and KR415
- Interface conveyor.
- Wide label kits.
- KR 565 Label Splicing Unit
- KR 730 Roller Registration Conveyor

Key Features:

- Side register belts for tight tabs
- Quick setup
- Automatic tab sensor calibration
- Automatic tab location feature
- Side to side tabletop adjustment
- Industry standard motors and control
- Quick-release top belt control
- Runs in-line with most addressing systems

OPTIONAL EXTRAS

Optional Equipment

AMS manufacture a range of machine cabinets that will easily support your mailing equipment as well as provide ample storage space. AMS also manufacture a range of conveyor stackers and dryers to complement your equipment thereby making it easier and more efficient to produce your mailings. A Catcher Tray is also a great optional feature that provides a low-volume alternative to a conveyor for small jobs.

Physical
