SP2 MAILING & PACKAGING PRINTER

What does the SP2 do?

The SP2 Mailing & Packing Printer is a next-generation cut sheet printing system that allows for high-quality, full-color printing directly onto ink-receptive materials. Such as flat-packed cardboard boxes, coasters, jiffy bags, envelopes and many more.

It is also capable of generating sturdy and long-lasting labels for a variety of purposes, including BS 5609 certified labels, GHS hazard warning labels, and horticultural tags.

Key Features

- High throughput printing
- Up to 7000 C5 envelopes per hour
- Print up to 1200dpi
- Print width of 300mm
- Aqueous pigment ink
- Grade A Mailmark® printing

The Royal Mail have verified the Mailmark® barcodes printed on the SP2 as Grade A
